**Re: Casino Mining Corporation – Casino Mine Project Environmental and Socio-economic Effects Statement Schedule**

Dear Ms.Randall,

Thank you for your letter of June 20, 2016 and the appurtenant ESE Statement Guidelines. Casino Mining Corporation (CMC) has now had the time to review the ESE Statement Guidelines, and is targeting to have the ESE Statement completed for submission to yourself and the Executive Committee by December 31, 2017.

I look forward to working with you and the Executive Committee, and in moving through the Panel Review process in a fair and transparent manner. We will be sure to inform you if the date of submission changes.

Sincerely,

Paul West-Sells  
President and CEO
